They make not only more use of pasture, but also more ECONOMICAL use of all feed, because they can be finished for market before cold weather sets in. Gains in weight cost more in feed after winter weather begins.

The one thing necessary in raising early pigs is a good hog house. There are a great many kinds of hog houses. Come in and discuss your plans with us. Together we can select the type best suited to your requirements. Remember, it costs you nothing for the help we give. We have all necessary materials.

"Perfect" because Heinz Beans, with or without Tomato Sauce, are scientifically prepared in a cleanly manner, and really oven baked.

The big demand proves that they are delicious; the Heinz name proves that they are good. It is because we know this that we are willing to pay more for a can of beans that costs you the same.
